Artist's statement

The Exhibited Artwork has evolved from the resource and works gathered while taking part as Artist in Residence in the 2010 Eromanga Dig. The Dig, held in May followed a wonderful drought breaking Wet season, the countryside green, refreshed and abounding in grasses and herbage. My paintings are a celebration of this ever changing landscape and its ability to recover from devastating drought. The early mornings are particularly beautiful, to witness the soft colours of the autumn sky and the solid brightness of the sun's rays as it paints the trees bold orange and ignites the grasses in its golden glow. I have endeavored to capture these sights and moods and to record the survival of this vast enduring landscape.

Artist's biography

At age 13 I decided to become an Artist. This was not as easy as I thought and I had to work in other fields as well as continue to nourish my hunger to learn all I could about Art. I have attended many workshops and several Summer Schools over the years starting with the Flying Art School in Julia Creek in 1974 continuing until we left the district in 1985. From 1986 I began winning Art Prizes and have continued to enter my Art works in Art Shows in Queensland. My love of Art and learning is as keen as it was when I was young, it brings me much pleasure. I have my own Gallery in the main Street of Quilpie, please call if visiting our town.
